

ISACA Germany: Survey, Volunteering, Events, Seminars

Dear All,

A few days ago, the [eurobits women academy](#) was launched, a (non-commercial) research project funded by the state of North Rhine-Westphalia to recruit female career changers for cyber security. As part of this programme, two online surveys on "Personnel requirements in the field of IT security" are being conducted in collaboration with the Ruhr University Bochum. The first survey is aimed at HR managers from all sectors and employees in the field of IT security. The second survey is aimed specifically at women, regardless of whether they already work in IT security or not. Participation in both surveys takes 10-15 minutes. We would be delighted if you would support the initiative by taking part in the surveys.

[Click here for the surveys ›](#)

VOLUNTEERING

ISACA is seeking volunteers to participate in a closed beta for a new cybersecurity certification in development – **Certified Cybersecurity Operations Analyst (CCOA)**. Selected volunteers will be one of the first to experience the program at a deeply discounted rate and provide feedback as ISACA finalizes this new certification.

Please note that **space is limited**. Eligible applicants will be approved on a rolling basis **until 16 August, or until all spots are filled**.

More information about the programme can be found [here](#).

EVENT

She@ISACA Meetup

We would like to remind you of the second Meetup of our new initiative [She@ISACA](#). The event will take place **on 23 July 2024 in Leonberg** at Schönbrunn TASC GmbH (Riedwiesenstraße 1, 71229 Leonberg).

The maximum number of participants is limited to 40 people. After **two keynote speeches**, participants will have the opportunity to round off the evening in a cosy pub.

Further information about the Meetup and the possibility to register can be found on the [event website](#).

PARTNER EVENT

PMI Regulars' Table Böblingen: Assessment - unavoidable evil or curse

The PMI Germany Chapter invites all members and interested persons to the second meeting of the regulars' table of the Böblingen region on the topic "Assessment - Unavoidable Evil or Curse". The event will take place **on 23 July 2024** from 7-9 p.m. in **Leonberg**.

The meeting is intended to provide an opportunity to exchange experiences for assessments in various industries and aims to evaluate the need for preparation and the effort involved. Best practices should also be exchanged on how this could be minimized or optimized in order to get the maximum out of it for the company and its project members.

Further information and registration details can be found on the [event website](#). The **registration deadline** is **19 July 2024**.

REVIEW

Anniversary event of the Cyber Security specialist group

On the occasion of the 10th anniversary of the [Cyber Security expert group](#) of the ISACA Germany Chapter, members of the section met in Karlsruhe on 28 June 2024 at the premises of the [FZI Research Center for Information Technology](#) and the [Karlsruhe Institute of Technology \(KIT\)](#) to celebrate a decade of success and innovation. The Cyber Security expert group, one of the largest and most productive in our chapter, has achieved remarkable milestones and made valuable contributions to the community in recent years. These include: Guidance documents, position papers, training courses, podcasts and expert presentations.

The day offered an exciting and varied programme in the presence of the [Federal](#)

Office for Information Security (BSI) to review and celebrate these achievements. Matthias Kraft, the ISACA Germany Chapter's Director of Expert Group Work, was on hand to celebrate this special occasion with the group and toast to many more successful years together!
