NEW COOPERATION

ISACA Germany Chapter e. V. and Women4Cyber Germany join forces!

At the European W4C Networking Breakfast on October 23, 2024 at it-sa, we signed a cooperation agreement with Women4Cyber Germany. Our goal: to bundle our activities and jointly promote women in the field of cybersecurity and related professional fields.

Look forward to exciting events and an intensive exchange! Would you like to find out more or get actively involved? Please contact julia.hermann@isaca.de.

NEW MANAGER CERTIFICATION

New training course: IT Regulatory Assurance Manager

Regulation demands very specific requirements from financial institutions, compliance with which must be continuously monitored by the companies concerned - also in order to avoid findings during audits by the supervisory authorities.

We are pleased to present the new "IT Regulatory Assurance Manager" manager course developed in cooperation with the Frankfurt School of Finance & Management, which is specifically designed to ensure compliance with these requirements.

The ITRAM certificate course offers a comprehensive examination of the essential content of the regulatory IT requirements (IT-related pronouncements of BaFin, EBA and EIOPA) as well as the DORA (EU Regulation Digital Operational Resilience Act), which will apply to all financial companies across all sectors from 2025.

Learn more about the program in the online **info session on January 29, 2025 at 5 pm**. Register for the session free of charge and without obligation [here](#).

All information and the possibility to register for the certificate course can be found [here](#). As an ISACA member, you benefit from special conditions. Secure your place now and strengthen your expertise!
